----------------------------	----

Nueces Center for Mental Health and Intellectual Disabilities was officially certified on March 2, 2022 by the Health and Human Services Commission as a Certified Community Behavioral Health Clinic (CCBHC).

As a CCBHC, our Center is presented with an opportunity to improve outcomes for the individuals that we serve by dramatically increasing community access to mental health and substance use disorder treatment.

Being a CCBHC further strengthens our Center's commitment to providing innovative and effective behavioral health, substance use disorder, and developmental ability services in Nueces County.

FEES AND CHARGES

- Fees are determined by Sliding Scale.
- Medicaid and CHIP accepted.
- Some private insurances accepted.

Organization Profile

Established in 1969, NCMHID is dedicated to helping the residents of Nueces County who experience mental illness and/or intellectual and developmental disabilities. Last year, NCMHID served 8,684 individuals with job search, medication, counseling, and benefit support services.

Mission: To create a safe and collaborative environment empowering individuals to build resiliency and independence.

Vision: Nueces County is a community where individuals and families acquire the knowledge, skills, and supports to participate meaningfully in society.

Values: Respect, Dignity, Integrity, Excellence, Creativity, Results, Professional Development, Customer Service

Mike Davis Chief Executive Officer

Mike Davis became the Center's new Chief Executive Officer January 2017 and is responsible for managing the delivery of services to nearly 8,163 individuals per year. He develops and manages a \$24 million annual budget, oversees human resources for 300 employees and contractors, ensures compliance with regulations and standards, and represents the center in community activities and events.

Mr. Davis earned a Bachelor's Degree in Science from Howard Payne University and a Master's Degree in Criminal Justice from Tarleton State University. He began his career with the Texas Youth Commission (TYC) and was a Superintendent at 5 different facilities in the state. He was promoted in 2008 to Regional Director for TYC where he oversaw and supervised six TYC facilities and four half-way houses. In 2011, he began employment with Health and Human Service Commission at the Mexia State Supported Living Center, Mexia Texas. He served as the Director for the facility until his retirement from the state in April 2016.

Executive Management Team

Mike Davis, Chief Executive Officer
Dr. Daniela Badea-Mic, Chief Medical Officer
Rene Mendiola, Chief Financial Officer

Daniela Badea-Mic, MD Chief Medical Officer

Dr. Daniela Badea-Mic, Medical Director, has worked with the Center since 1994. She graduated medical school from the University of Craiova in Romania. She obtained her psychiatric specialty from Connecticut Valley Hospital, affiliated with Yale University School of Medicine, Department of Psychiatry, where she was elected Chief Resident from 1991 – 1993.

Dr. Badea-Mic is a Diplomat of the American Board of Psychiatry and Neurology and a fellow of the American Psychiatric Association. She has held prominent positions in her many years of experience, including leadership positions in both inpatient and outpatient treatment programs.

Crisis Intervention Services

24/7 CRISIS HOTLINE

A helpline for anyone who needs immediate emotional support.

COUNSELING & CASE MANAGEMENT

One-on-one mental health support for people experiencing a mental health crisis.

SUICIDE PREVENTION

Information and programs to help prevent suicide in our community.

EMOTIONAL SUPPORT IN DISASTERS

Mental health crisis services for adults and children who have experienced a natural or man-made disaster. We help at the scene of the disaster.

MENTAL HEALTH FIRST AID

A one-day class that teaches people how to help someone experiencing a mental health crisis or showing signs of mental

COMMUNITY REFERRALS

Connections to local resources to provide ongoing care and support recovery.

Crisis Hotline 1-888-767-4493

Mobile Crisis Outreach and Crisis Hotline – A continuously staffed mental health crisis screening and assessment service available 24-hours a day, seven days a week to provide assessment, intervention, education, support, and referrals to individuals experiencing a psychiatric crisis. Screenings are conducted by telephone or face-to-face by a qualified professional to assist individuals in accessing the services and supports they need. Crisis services are available to any and all persons experiencing mental health crisis within Nueces County.

Crisis Walk-in Clinic – The Walk-in Crisis team of Nueces County MHID is a clinically staffed treatment team that provides prompt face-to-face crisis assessment, crisis intervention services (emergent/urgent care), crisis follow-up, and relapse prevention services as well as transitional services for individuals of Nueces County. Walk-in crisis services are immediately accessible services for adults, children : ready access to psychiatric assessment and treatment for new individuals with urgent needs, and access to same-day psychiatric assessment and treatment for existing individuals within the system with urgent needs. For persons whose crisis screening and/or assessment indicate that they are an extreme risk of harm to themselves or others in their immediate environment, rapid transfer to a higher level of care is facilitated. If extreme risk of harm is ruled out, brief crisis intervention services are provided on-site. Walk-in crisis services are designed to be intensive and time-limited, and are provided until the crisis is resolved or the person is referred to another level of care. After the initial crisis assessment and intervention, continuing services may be provided in the office for up to 90 days until the individual is stabilized and/or transitioned to appropriate behavioral health setting.

Crisis Hotline 1-888-767-4493

Mobile Crisis Outreach Team (MCOT) – MCOT provides crisis assessment and intervention services including follow-up and engagement to individuals experiencing mental health crisis. Services are designed to reach individuals at their place of residence, school and/or other community-based safe locations, 24 hours per day, 365 days per year. The Mobile Crisis Outreach Team works to respond to crisis calls providing rapid community based intervention and linkage to resources including respite, intensive outpatient and inpatient services.

Mental Health Services - 1546 S. Brownlee Blvd. | 361-886-6970

Crisis Intervention Team (CIT) – The goal of the Crisis Intervention Team is to provide a mechanism for individuals with involvement with law enforcement to be identified, assessed and diverted into treatment rather than arrest/incarceration. Crisis intervention staff work alongside crisis intervention trained officers in response to 911 calls involving individuals with mental health issues, including substance abuse/dependence.

Crisis Respite (Pathways) – Pathways crisis respite and stabilization services are available to adults in Nueces County and accessed via our crisis services or direct referral. There are 16 beds available. Pathways staff work to assist individuals bridge back to the community after inpatient care. Staff provide basic case management, medication education, stabilization and ongoing daily assessment of suicidality risk factors. Services are provided primarily onsite however case management staff do take individuals into the community as needed to address needs. Services provided 7 days a week 24 hours per day.

Adult Mental Health Services

Who is eligible? Adult Mental Health Services are available to residents of Nueces County whom are 18 and older, and who qualify for services based on assessment. Services are offered on a sliding fee scale in consideration of insurance coverage and income.

What type of professionals provide services? Our staff consist of a wide array of interdisciplinary licensed and non-licensed treatment providers. We have Qualified Mental Health Professionals (QMHP-CS), Peer Specialists, Family Partner, Licensed Professional Counselors, Psychiatrists, Nurses, Certified Nurse Assistants, Medical Assistants, Nurse Practitioners and Physicians Assistants, just to name a few. All working together to ensure those we serve are able to recover from mental illness and pursue the life they choose to live.

Mental Health Services - 1546 S. Brownlee Blvd. | 361-886-6970

Mental Health Services Intake and Cognitive Behavior Therapy - The intake department provides screening, assessment, and evaluation for service eligibility for individuals residing in Nueces County who would be served in adult mental health. Services include an eligibility assessment as well as a diagnostic evaluation to determine the level of need. Individuals not eligible for services are referred to community resources and support services that can meet their identified needs. Cognitive Behavior Therapy is available to qualifying individuals. All services are provided on site. Services provided Monday – Friday 8am – 5pm

Assertive Community Treatment (ACT) - ACT is the highest level of care within the core service system - ACT is an evidenced based service delivery model which utilizes the Illness Management and Recovery curriculum in the provision of intensive rehabilitation services. Individuals within this program have the highest level of need and most severe mental illnesses. Interdisciplinary team which collaborates closely to provide intensive psychosocial rehabilitation and medication management. 80% of services are provided in the home/community setting and are provided on an ongoing, almost daily basis to those in this program. The Physician plays an integral and in depth role within the team. Services provided Monday – Friday 8am – 5pm.

Forensic Assertive Community Treatment (FACT) - The purpose of the program is to provide intensive rehabilitation services to individuals with serious mental illness who are involved with the criminal justice system. These individuals may have co-occurring substance use and physical health disorders. FACT is an intervention that bridges the behavioral health and criminal justice system. Consumer contact is frequent, sometimes daily, with individuals, family members, or service providers to maintain community integration. FACT Ensures availability of services provided 7 days a week with on call coverage after hours.

Psychosocial Rehabilitation - Utilizing the Illness Management Recovery curricula, psychosocial rehabilitation assists individuals with severe persistent mental illness in obtaining and maintaining stability and independence within the community. Services are person directed and incorporate an individual's strengths and resources. Services include symptom management and education, coping strategies, psychiatric medication management, peer support, and independent living skills, among others. Services provided Monday – Friday 8am – 5pm.

Routine Case Management and Skills Training – Level of Care 1- individuals are in routine case management/ skills training services. These individuals are typically those whose illness is well managed and they are working on higher order needs and maintenance of recovery. Services include basic case management focused on access to adjunct services in the community and resource access and acquisition. The majority of services are provided on site with approximately quarterly contact for most individuals when they have their physician's appointment. Some individuals do receive skills training services to address symptom management and other recovery needs. Services provided Monday – Friday 8am – 5pm.

Adult Mental Health Services

Robstown Clinic - 1038 Texas Yes Blvd., Robstown, TX | 361-886-1445

Robstown Clinic – Provides the full array of services for adults and youth. Services include an assessment completed by a licensed professional, medication training support, parent support groups, family partner, psychosocial rehab, psychiatric evaluation, pharmacological management, skills training development, case management and crisis intervention. Cognitive Behavioral Therapy is available to qualifying youth and adult individuals. Services in Robstown are integrated with Christus Spohn Family Health Clinic to provide access to both physical health and psychiatric services in one location. Also located in the Robstown Center is a Nueces County Clinic Card office for assistance with eligibility and/or renewal. Services are provided on site as well as in our local community Monday – Friday 8am – 5pm.

Adult Mental Health - 105 Waco St. | 361-882-1312

Jail Based Competency Restoration – Provides services to persons with criminal offenses (not eligible for outpatient restoration) who are remanded to competency restoration by the court system as a result of being “incompetent to stand trial”. Jail Based Competency Restoration provides a local treatment option and reduces wait times for a state based restoration service.

Outpatient Competency Restoration (OCR) – Individuals are persons with nonviolent offenses who are remanded to competency restoration by the court system as a result of being “incompetent to stand trial” due to the nature of their illness. Services focus on medication stabilization, education rehabilitation skills to assist individuals in understanding their charge and restoring them to competency so that they can stand trial for the crime they have committed. Often individuals are returned to the community upon restoration for ongoing services. Services are provided on an ongoing basis on site at pathways or at Brownlee Square. Services provided Monday – Friday 8am – 5pm. With 24 hour monitoring through Pathways Respite where they are housed.

Substance Use Disorder Community Health Workers (SUD/CHW) – The SUD/CHW program provides outreach, engagement and care coordination for individuals with substance use or dependence, those who experience housing instability or homelessness, IV drug users, those who live with Hepatitis C, HIV, and those in need of medical and or mental health services. The program’s primary goal is to help guide and assist in recovery and treatment.

Texas Correctional Office of Offender with Medical and Mental Impairment (TCOOMMI) – Under the contract with TCOOMMI the program provides psychosocial rehabilitation, case management, and medication management services to individuals on parole and probation who are identified as having a priority population diagnosis. Individuals are served utilizing the illness management and recovery curricula. The majority of services are provided in the home/community setting, however a large amount of services are provided on site as well. Individuals are typically seen weekly for ongoing services and support with the goal of assisting them in collaborating with the justice system and successfully completing parole and probation while avoiding recidivism. Services provided Monday – Friday 8am – 5pm.

Coordinated Specialty Care (CSC) – The CSC Program is to help serve individuals who are between the ages of 15-30. The individual must have a diagnosis, which contains psychosis that was first given within the last two years. The length of stay in the program shall not exceed 36 months. The purpose of CSC program is to provide a specialized treatment approach for those experiencing their first episode of psychosis. Individuals in this program will have a diagnosis that includes psychotic features that will vary in terms of needs and severity. The program's goal will be to identify and help individuals before their symptoms and/or diagnosis are the primary feature of his/her life. Due to the early intervention model, many individuals may be entering behavioral health services for the first time and require a comprehensive array of services to be available. The team-based approach is a vital aspect of the assistance an individual will receive when they participate in the program. Coordinated Specialty Care (CSC) Teams are trained in the CSC model and provide an individual with all the clinical and support services, so care is provided efficiently with a focus on recovery.

Adult Mental Health Services

Psychiatric Medication Clinic – Provides psychiatric medication management and support to individuals involved in outpatient treatment with the Center. Multiple medication clinics are run daily Monday – Friday. The vast majority of medication services are provided through Medication Clinic. Services are provided on site Monday – Friday 8am – 5pm.

Continuity of Care – Continuity of Care staff work closely with the local courts, state hospital system, and local hospitals to help coordinate and monitor inpatient care for all individuals within Nueces County. In collaboration with local hospitals, the criminal justice system, and the state hospital system they work to assist in coordinating and representing the Center’s clients within the state inpatient care system. Services are primarily coordinating and administrative in nature. Staff make weekly trips to monitor ongoing care with the goal of returning individuals to the community. Services provided Monday – Friday 8am – 5pm. IDD

Jail Diversion - Jail Diversion’s primary goal is to divert and serve individuals who have been incarcerated and have an identified mental illness that played a role in their arrest. Jail Diversion has 2 primary access points. The first being the pre arrest, post detention diversions initiated from the Crisis Intervention Teams. The second is the Nueces County Jail. These individuals must be approved to participate in the program by the District Attorney office. Upon approval, individuals are enrolled in Jail Diversion and released on a personal recognizance bond with conditions set by the District Attorney office to participate in ongoing outpatient Mental Health services.

Projects for Assistance in Transition from Homelessness (PATH) – PATH homeless program provides outreach and case management services to individuals who are homeless. Services are provided primarily within the community for outreach, education, and engagement. Individuals receive services to assist them in obtaining

Care Coordination – Care Coordination staff work closely with the entire treatment team to provide direct assistance to clients and/ or family member(s) get the help they need to improve their health and/or other associated conditions through proper referrals and connections to needed services. The client’s needs are identified through a comprehensive care coordination assessment which will indicate the level of care coordination and interaction. Care Coordination staff collaborate with local community agencies and resources such as food pantries, clothing assistance, housing assistance, vocational services and communicate with the multidisciplinary team to follow-up on behavioral care referrals internal and external. Services are provided to MH adult and MH youth and are coordinated through calls directly to organizations and consumers to address ongoing needs or identifying any new needs. Services provided Monday–Friday 8am–5pm.

La Mariposa - 1602 10th Street | 361-886-1420

La Mariposa New Life Wellness Center – La Mariposa Recovery Center is a peer run program which focuses on providing support and unique access to services for individuals served. Our peer specialists provide educational and support groups, cooking classes, leisure activity classes, and physical health classes, among other programming to provide support for recovery to those we serve. It is also just a place for our clients to hang out and socialize with their peers. Services are provided on site Monday – Friday 8am – 3pm.

Adult Mental Health Services

Turning Point - 3733 S. Port Ave. | 361-886-1442

Turning Point Counseling | 361-886-1367 – Turning Point provides counseling services and crime victim services to individuals who have been a victim of a crime, either recently or in the past, Other Victim Assistance Grants (OVAG). Counseling is provided on site at no cost to those served. Services provided Monday – Friday 8am – 5pm.

Veterans Services | 361-886-1086 – A Military Veteran Peer is available to support and assist current and former service members and their families in accessing Veteran's supports within the community, Military Veteran Peer Network (MVPN). Services provided Monday – Friday 8am – 5pm.

Community Education and Prevention

Services for Community Partners and also by request to the general public – MHID has class offerings that bring expertise to the community through trainings that address a range of topics surrounding mental health. Schedule your session today for your community group.

Mental Health First Aid Training – Mental Health First Aid (MHFA) teaches you how to identify, understand, and respond to signs of mental illness and substance use disorders. This training gives you the skills you need to reach out and provide initial support to someone who may be developing a mental health or substance use problem and help connect them to the appropriate care. Two courses are available, Youth MHFA and Adult MHFA. Both are delivered by certified instructors. To find a course near you, visit www.mentalhealthfirstaid.org or contact our MHFA Coordinator, at 361-886-1093.

Youth Mental Health Services

COUNSELING SERVICES & CASE MANAGEMENT

Support emotional health through counseling.

FAMILY EDUCATION & SUPPORT

Programs that teach families how to talk to each other and work through problems.

SUICIDE PREVENTION

Information, programs and support to help youth at risk for suicide.

PSYCHIATRIC MEDICATION CLINIC

Access to medicine that supports mental health.

SELF-CARE & SOCIAL SKILLS

Tools that help children take care of their health and build healthy bonds with other people.

INTENSIVE CASE MANAGEMENT

Services for Youth - 3733 S. Port Ave. | 361-886-1093

Services for Youth ages 3-17 – Mental Health Services are available for children & adolescents. An assessment is completed by a licensed professional to access a comprehensive array of behavioral health services that are designed to improve a child's functioning and reduce symptoms associated with behavioral and emotional disorders. Services include assessment, medication training support, parent support groups, family partner, psychiatric evaluation, pharmacological management, counseling, skills training development, case management and crisis intervention.

Youth Empowerment Services (YES) Waiver – A Medicaid Home and Community-Based Services Waiver that allows for more flexibility in the funding of intensive community-based services to assist children and adolescents with severe emotional disturbance to live in the community with their families. To obtain more information or to get registered on the inquiry list for Nueces County, please call 1-844-253-4947.

Intellectual & Developmental Disability Services

SERVICE COORDINATION & COMMUNITY REFERRALS

Connections to local resources to provide ongoing services and care.

COMMUNITY LIVING SUPPORT

Help for people learning to live on their own.

EMPLOYMENT SERVICES

Help finding work.

IQ TESTING

Tests to make intellectual and developmental disabilities diagnoses.

CRISIS SUPPORT

Help managing stress and staying safe during a mental health crisis.

FAMILY EDUCATION & SUPPORT

Tools to help families better support people living with IDD.

SOCIAL & DAILY LIVING SKILLS

Tools that help people take care of their health, live on their own and talk to others.

Who is eligible? Intellectual and Developmental Disability Services are available to individuals over 3 years of age who are diagnosed with an intellectual disability (IQ below 70), have a developmental disability such as a diagnosis on the Autism Spectrum, or who have certain other related conditions. Services are offered on a sliding fee scale based on insurance coverage and income.

What is the goal of IDD Services? Our programs consist of a wide array of services to help individuals achieve their highest level of independence and functioning. Once determined eligible, our team of staff work with individuals and their families to identify the areas of a person's life where they want to improve their skill set and abilities. The team then identifies what services and supports a person will need to try and reach their personal goals. We then implement services based on the program the individual is in, the service availability, and find additional resources in the community.

IDD Services - 2601 Hospital Blvd. Physicians Plaza West | 361-886-4663

Intake & Assessment – Services available for individuals ages three and older who have an intellectual disability, a developmental disability, and in some programs certain other related conditions. Intakes are conducted to screen for crisis, assess needs, and to assist with placement on statewide waiver interest lists. Once eligibility for services has been determined, the intake coordinator will assist with admission and referral to service coordination. Intake also monitors the waiver interest lists and provides bi-annual contacts to all individuals on the list to ensure they are still interested and that contact information is current. Any person not already in an IDD program who has a desire or need for any available IDD Service, must contact the Local Authority Intake Coordinator as eligibility must be determined and then the person will be admitted to services and assigned a service coordinator.

Intellectual & Developmental Disability Services

IDD Services - 2601 Hospital Blvd. Physicians Plaza West | 361-886-4663

Community Living Options Information Process (CLOIP) – Services are provided to individuals with intellectual disabilities who are currently residing in the Corpus Christi State Supported Living Center (CCSSLC). Services include assessing to determine an individual’s needs and desire to live in the community, providing information to the individual and their family or LAR on various community living options, and providing feedback to the individual’s team on the information obtained. CLOIP program staff can also assist with arranging tours of community providers and various residential and day programming options as part of this process. Quarterly wellness visits are also provided to those receiving CLOIP services.

Transition Support Team (TST) – Provides assistance, training, and case consultation to contracted Local Intellectual and Developmental Disabilities Authorities (LIDDAs), Local Mental Health Authorities/Local Behavioral Health Authorities (LMHA/LBHAs), Managed Care Organizations (MCOs) and providers of Home and Community-based Services (HCS), Texas Home Living (TxHmL), Community Living Assistance and Support Services (CLASS), and Deaf Blind and Multiple Disabilities (DBMD) within the entire south Texas region in supporting individuals with both IDD and complex medical/behavioral health needs. These individuals are transitioning from or at risk of being sent to institutional settings including State Supported Living Centers and nursing facilities.

IDD Waiver Provider Services – 212 S. Staples | 361-886-6936

To be eligible to receive services from the NCMHID Waiver Provider, individuals must be eligible for HCS or TxHmL and must have gone through the HHSC approved process of selecting NCMHID to be their provider for the program, All services from the NCMHID waiver provider are provided in accordance with the individual’s person directed plan and individualized plan of care.

Individualized Skills and Socialization (ISS) – NCMHID’s Internal Waiver Provider has received licensure to operate on-site ISS services at 1625 10th Street. These services are geared towards improving individuals’ skills in the areas of health, safety, community awareness, community living, personal development, independent living, and social interaction. Off-site ISS services will be provided by MHID staff at various community locations as identified and selected by the program participants. This location was formerly our Day Habilitation Center and may still serve as a day habilitation location for individuals in other programs such as PASRR.

Employment Assistance/Supported Employment (EAS/SE) – Located at 1625 10th Street, EAS/SE is assistance with finding and maintaining competitive employment in an integrated setting with on-going individualized support services consistent with the individual’s person-directed plan. The service includes supervision and training, essential to sustain paid competitive work by an individual.

Intellectual & Developmental Disability Services

Home & Community-Based Services (HCS) – Supports eligible individuals living in their own home, a family home, or in a host home. Offers an array of services based on the needs of the person, including individualized skills and support, personal attendant services/habilitation, respite, transportation, dental, nursing, supported employment/employment assistance, and specialized therapies. Encourages personal choice and maximum level of independence while using natural support system to achieve goals.

Provider Attendant Services, Habilitation, Transportation (PAS/HAB) – Located at 1625 10th Street, Provider Attendant Services, Habilitation, Transportation is assistance with and/or training on the acquisition of activities of daily living and various life skills provide by attendants both in the home or in the community. Transportation to and assistance during community based appointments, activities, and events can also be provided.

Specialized Therapies – Contracted services include assessments and treatment by licensed or certified professionals including dietary assessments, audiology, occupational therapy, physical therapy, speech therapy, and behavioral support.

Texas Home Living Services (TxHmL) – Services similar to those offered in the Home & Community Services Program (as listed above). However host home and other residential services are not available in this program.

If you desire services in the HCS or TxHmL waiver programs, you must contact the local authority to be placed on the statewide interest list. When openings are made available by the state, the local authority will notify individuals that they have received an offer and will work with HHSC to determine eligibility.

LIDDA & Other IDD Services - 212 S. Staples | 361-886-4663

Community First Choice (CFC) – Individuals with Star Plus or Star Kids Medicaid receive services to help them live more independently in the community. Services include personal assistance with daily living skills, habilitation services to help them to care for themselves, emergency response services, and support for persons who choose to select and manage their own attendants. The LIDDA assists with screening and determining eligibility for CFC services. Additionally ongoing monitoring of CFC Services is provided. Once enrolled, the individual must select a provider contracted with their Managed Care Organization from which they will receive their direct services.

Habilitation Coordination – Intensive service coordination like activities provided by a qualified intellectual and developmental disability professional to individuals with intellectual disabilities residing in nursing facilities. Habilitation Coordination includes writing, reviewing, revising, implementing and monitoring the individual plan of services. Monitoring and coordination of all Pre-Admission Screening and Resident Review specialized services and nursing facility services. Addressing with the team, any changes in a person's condition while residing in the nursing facility. Individuals are also provided with Community Living Options to ensure they are aware of their ability to transition to the community.

Intellectual & Developmental Disability Services

General Revenue Services – 1625 10th | 361-886-6955

Individuals receive services in their home and in the community including habilitation training, support, respite, and vocational or employment services. These services are limited in scope and are provided to those with the greatest need. Enrollment into an IDD waiver program disqualifies an individual from continuing in

Community Support - Provides individualized activities consistent with the person- directed plan, provided in the home and at various community locations as appropriate. Provides habilitation and support activities to improve the ability to perform daily living activities. Includes support services to the family to help preserve the family unity and prevent or limit out-of-home placement.

Respite – Provides short-term relief services for the unpaid caregiver when the caregiver is temporarily unavailable to provide support. Respite also provides personal assistance in daily living activities, functional living tasks, and supervision for safety and security. This service includes habilitation activities, social interaction, participation in leisure activities, and use of natural support system and typical community services available to all people.

Advance Employment Services – 1625 10th Street | 361-886-6955

Provides services that are designed to meet the vocational and employment goals of each participant. These services and employment options are designed to be temporary with an ultimate goal of competitive integrated employment for all individuals.

Paid Employment for IDD Consumers – The Center operates and manages WorkQuest/WorksWonders contracts with the Texas Department of Transportation which provide paid employment opportunities for persons with disabilities. Current contracts have employment opportunities related to grounds maintenance and highway litter pickup positions. Currently only part time positions are available and individuals must be enrolled in IDD services and must provide their own proof of disability that meets program requirements.

Paid Vocational Training – Is provided on site and in the community to individuals in the general revenue program to enable these individual to obtain employment. Vocational trainees are paid for all activities performed and may be assigned to crews who provide custodial services, grounds maintenance, litter pick-up, and shredding services.

Intellectual & Developmental Disability Services

Pre-Admission Screening and Resident Review (PASRR) – Staff provide screening and engagement services to individuals in nursing facilities to determine the need for community based mental health services or intellectual and developmental disability services. If eligible for mental health services, individuals are referred to Adult Mental Health to receive Mental Health services needed to meet their needs and return them to the community and independence. If individuals are eligible for IDD, services are provided to individuals residing in or at risk of placement in a Nursing Facility. Individuals receive Specialized Services including occupational therapy, speech therapy, physical therapy, a customized manual wheelchair, and durable medical equipment from their Nursing Facilities. Individuals also receive additional specialized services from the LIDDA including Day Habilitation, Behavior Support, Independent Living Skills, Transition Assistance, and Employment Assistance/Supported Employment.

Service Coordination - A person-directed process to link, coordinate services, and support people to achieve their personal outcomes. Service coordination includes writing, reviewing, revising, implementing and monitoring the plan of services provided. Service coordinators assist people in securing and maintaining services in the community including education, training, transportation, specialized therapies, advocacy, food, housing, financial benefits and crisis management. Service coordination is provided for individuals enrolled in general revenue services, the Texas Home Living waiver program, the Home and Community Based Services waiver program, and the Community First Choice Program.

Apprenticeship & Tablet Program - Individuals with qualifying disabilities who are interested in employment, but may be lacking skills and experience, can apply to be an apprentice through the program to a community based employer host site. Individuals in the program are paid through the program while working apprentice hours at the work site where they learn marketable job specific tasks and gain experience. Individuals also attend classroom sessions where they learn soft skills needed to be successful in any job. The program also makes tablets available to persons with IDD in Medicaid waivers who are currently employed in community based integrated employment. The tablets are provided primarily to be used as a means to interact with their supported employment staff. The goal of the tablets are to decrease the stigma associated with interacting with a program staff at their job site.

Guiding Point Program – 903 Ocean Dr. Bldg. 1219 | 361-961-2742

Paid Employment for IDD Consumers – The Center operates and manages a Source America/Ability One contract with the Corpus Christi Army Depot which provides paid employment to persons with disabilities. This contract has employment opportunities related to custodial and floor maintenance services. Both part- and full-time positions are available. Day shifts provide custodial services. Evening shifts are available for floor maintenance. Individuals receive federal minimum wage and benefits based on federal requirements. Individuals do not have to be admitted to IDD services in order to be employed through this program, but must have a qualifying disability and must provide their own proof of disability that meets program requirements.

Intellectual & Developmental Disability Services

Determination of Intellectual Disability – A psychological assessment that is conducted to determine eligibility for Local Intellectual and Developmental Disability Authority (LIDDA) and other state funded IDD services and programs. Previous assessments may be reviewed to assist with the determination of eligibility. Intelligence testing, autism testing, assessments of adaptive functioning levels, and other testing and assessment may be conducted as needed.

Crisis Intervention Services (CIS) and Crisis Respite – Short-term supports provided to individuals with IDD who also have significant behavioral, psychiatric, or other needs that put the individual at risk of immediate danger to self or others; put the person's physical or mental health at risk of serious deterioration; or cause an individual to believe that they are at risk for harm or deterioration. CIS can include crisis assessment, supports to the individual and primary caregiver to assist with coping skills, behavioral supports, and other supports needed to de-escalate a crisis situation. Crisis respite services can be provided in home if it is anticipated that the crisis can be stabilized within 72 hours or out of home in a supervised setting for brief temporary basis if the crisis cannot be resolved while the individual remains at home.

Diversion Coordination – Individuals with intellectual disabilities who are interested in moving to or at risk of being placed in a nursing facility, must be screened for eligibility for other community based services. Diversion Coordination is provided by a qualified intellectual and developmental disability professional who will ensure that necessary services and supports are in place to maintain or improve an individual's ability to remain in or return to community living.

Enhanced Community Coordination (ECC) – Individuals with intellectual disabilities who are transitioning from or at risk of being placed in an institution such as a State Supported Living Center, must be screened for eligibility for other community based services. ECC is provided by an enhanced community coordinator who will ensure that necessary services and supports are in place to maintain or improve an individual's ability to remain in or return to community living. In order to ensure successful placement in the community, monitoring of an individual's return to community living from an institution is also provided for a minimum of one year, then the individual is transitioned to regular service coordination.

IDD Continuity and Enrollments – Services are provided to individuals with intellectual disabilities who are at risk of placement in or are currently residing in state hospitals to ensure that the individual is transitioned to and from the facility with appropriate resources. Additionally, individuals who are interested in residing in Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID) are assisted with determining eligibility, provided with contact information for facilities, and assisted with the admissions process. For individuals who are offered a position in either the HCS or Texas Home Living Waiver, services are provided to ensure the individual is screened for eligibility for the program and enrolled as per HHSC requirements, and in a timely manner.

Permanency Planning – Services are provided to individuals under the age of 22 who are either residing in a Home and Community Based Services group home, an ICF/IID, or a State Supported Living Center or are at risk of being placed in one of these settings. The goal of these services is to return the individual to their family setting or an alternate family setting. Permanency planning is used to identify any issues that have resulted in the placement outside the family home, find barriers to returning to their family home or an alternate family setting, and identify any supports needed to assist in the return to a family or alternate family setting.
